

# Contact Improv Boston's Tuesday Jam 2008

**When an apple fell on his head, Newton was inspired to describe the three laws of motion that carry his name. . .**

**In his attempt to be objective, Newton overlooked the question of how it feels to be the apple.**

**— Steve Paxton**

**Tuesdays, 8 – 10 p.m. (no jam 4/22, 8/19, 8/26, 12/30)**

**St. Mary's Orthodox Church**

**7 Inman St., Central Square, Cambridge, MA**

**\$7 - \$12 sliding scale**

Anyone interested in exploring contact improvisation dance (and Newton's laws of motion as they apply to human bodies) is welcome to join us. Jams generally have an opening circle, a led warm-up, open dancing and closing circle.
